Markers' Briefing Note

Marks in the English Writing component are awarded for 'independent understanding of written language in specific contexts'. Whilst the learner may use the content of the scenarios to inform their writing, the writing activities do not assess reading skills or interpretation of any stimuli.

Learners are expected to produce an open response. Depending on the context of the activity, a learner may support either side of an argument, or adopt any well-reasoned stance, using the scenarios and /or their own ideas and experiences. What should be assessed is their ability to do so whilst meeting all of the subject content.
