**NCFE Fees and Pricing
2018-19**

Version 2: February 2019

Introduction

At NCFE, we feel that it's important to tell you exactly what we charge and what you get in return, making the whole process open, honest and easy to understand. We're also committed to providing you with the fees for 2018-19 as early as possible to help you with your planning.

The fees listed in this document are applicable from 1 August 2018. Our financial year has now been brought in line with the funding year to support your budget planning. We'll issue updated versions throughout the year to ensure you have access to the most up to date list of qualifications and prices.

You'll be pleased to hear that we've frozen the qualification fees for all of our current portfolio going into the new session. However, we have some exciting changes to our Accreditation and Employer Services model as well as the launch of our new combined level V Certs.

The fees and pricing listed in this document are correct at the time of issue, but don't forget, the most up to date information on all of our qualifications is available on our website, [ncfe.org.uk](https://www.ncfe.org.uk).

We endeavour to ensure that all of our qualification prices are competitive in the market and that they reflect the level of quality and rigour of our products, and the service that you receive.

Please ensure you access both the NCFE and CACHE fees documents so that you can benefit from the full portfolio of qualifications that we offer.

Administration fees

Cancellations

Cancellations are when learners or whole batches of learners are removed from a qualification, not to be reinstated.

Transfer of learners

At times a learner may need to be transferred to a different qualification than the one they are registered on. In this case we'll apply a conversion fee as follows:

- if the new qualification is more expensive than the original, the difference in price will be charged, plus a transfer fee; **or**
- if the new qualification is the same price or lower than the original qualification, the only additional cost is the transfer fee.

If the learner has already received assessment or external quality assurance on the original qualification, there will be no refund and the new registration fee will be charged.

Transfer learner between batch, qualification or entry	£20
Transfer full batch of learners between batch, qualification or entry	£25

Topping up learners within qualification nests

Learners can be topped up to a qualification that is the same level and subject within the Award, Certificate and Diploma structure (qualification nests are indicated throughout the document).

In this case, a conversion fee will apply:

- if the new qualification is more expensive than the original, the difference in price will be charged, plus a top up fee
- if the new qualification is the same price or lower than the original qualification, the only additional cost is the top up fee.

If the learner has already achieved the external assessment on the original qualification, they will be charged the difference between the original and the topped up qualification.

Topping up a single learner	£20
Topping up a full batch of learners	£25
