

Adaptation Addendum

Academic Year 2021-2022

Introduction

The government's intention is that work placements, exams and assessments will take place in the academic year 2021 to 2022, therefore moving away from results being based on Teacher Assessed Grades (TAGs) used in 2020 to 2021, where this was permitted. This is because assessments and exams continue to be the fairest way for students to evidence what they know, all other things being equal.

The government recognises, however, that students who will be taking exams and assessments have experienced significant disruption to their education and that these students may also need continued support in the face of any further disruption.

We recognise that students who will be taking exams and assessments in 2021 to 2022 have had significant disruption to their education since March 2020, and we remain committed in continuing to support students in the face of any further disruption.

In the academic year of 2021 to 2022 under the 'Vocational and Technical Qualifications Contingency Regulatory Framework' (VCRF) all qualifications will move into Category A. This means all assessments are expected to continue but we are permitted to continue to make adaptations to assessments and qualifications to take account of the ongoing impact of the pandemic, where we can do so without undermining the validity and reliability of our qualifications.

Students must only access permitted adaptations where they are needed to mitigate the impact of learning loss, continued disruption and / or ongoing public health restrictions. This will be monitored through our external quality assurance process to support the validation of any adaptations adopted, ensuring they are not applied where not needed. Where adaptations are applied unnecessarily, centres may be given an action or downgraded in their EQA reviews, therefore be sure to check with your allocated EQA on the application of any adaptations.

This addendum contains further information on what specific adaptations are permitted for these qualifications in the academic year of 2021 to 2022, please see further details below.

Assessment adaptation

No.	Assessment	2021/2022 Academic Year Adaptations
8	Controlled assessment / online and on demand	<p>These controlled assessments are on demand, online and completed in a set number of hours. The centre arranges supervision of the controlled assessment.</p> <p>Where these assessments take place in an online on demand format and can be delivered in line with public health guidelines, assessments will continue.</p> <p>All relevant qualification content must still be delivered, and assessment criteria met.</p>
