## Academic Year 2021-2022

### Introduction

The government's intention is that work placements, exams and assessments will take place in the academic year 2021 to 2022, therefore moving away from results being based on Teacher Assessed Grades (TAGs) used in 2020 to 2021, where this was permitted. This is because assessments and exams continue to be the fairest way for students to evidence what they know, all other things being equal.

The government recognises, however, that students who will be taking exams and assessments have experienced significant disruption to their education and that these students may also need continued support in the face of any further disruption.

We recognise that students who will be taking exams and assessments in 2021 to 2022 have had significant disruption to their education since March 2020, and we remain committed in continuing to support students in the face of any further disruption.

In the academic year of 2021 to 2022 under the 'Vocational and Technical Qualifications Contingency Regulatory Framework' (VCRF) all qualifications will move into Category A. This means all assessments are expected to continue but we are permitted to continue to make adaptations to assessments and qualifications to take account of the ongoing impact of the pandemic, where we can do so without undermining the validity and reliability of our qualifications.

Students must only access permitted adaptations where they are needed to mitigate the impact of learning loss, continued disruption and / or ongoing public health restrictions. This will be monitored through our external quality assurance process to support the validation of any adaptations adopted, ensuring they are not applied where not needed. Where adaptations are applied unnecessarily, centres may be given an action or downgraded in their EQA reviews, therefore be sure to check with your allocated EQA on the application of any adaptations.

This addendum contains further information on what specific adaptations are permitted for these qualifications in the academic year of 2021 to 2022, please see further details below.

## Assessment adaptation

No.	Assessment	2021/2022 Academic Year Adaptations
5	Multiple Choice and Short Answer Questions	<p>As with other VTQs, we expect all Functional Skills qualifications (FSQs) exams and assessments to go ahead in 2021 to 2022 and the full subject content to be taught across all levels. We will continue to put in place adaptations relating to the delivery of FSQ exams and assessments where necessary, as we did in 2020 to 2021 academic session.</p> <p>This qualification includes a Multiple Choice or Short Answer Question paper, which is set by us, and the completed assessments returned to us for marking. Centres must pick a set date and time for these external assessments to take place and they must be invigilated in accordance with our regulations for the conduct of external assessment.</p> <p>These assessments can all be sat on demand online and in some cases paper-based.</p> <p>All relevant qualification content must still be delivered, and assessment criteria met.</p> <p>The following adaptations are already in place to support centres to continue with these assessments:</p> <ul style="list-style-type: none"><li>• <a href="#">invigilation exception request</a> that allows for you to apply for flexibility for Functional Skills</li><li>• <a href="#">updated assessment variation process</a> to allow for additional or alternative test centre locations.</li></ul> <p>No adaptations have been made at qualifications level, however to further support centres with these assessments we:</p> <ul style="list-style-type: none"><li>• have launched our remote invigilation offer, which will allow Students to sit online assessments anytime, anywhere</li><li>• launched an on-demand paper-based solution for reformed Functional Skills.</li></ul>
