Employer-set project (ESP)

Early Years Educator

Project brief

Paper number: P001350

About the employer-set project

The purpose of the employer-set project is to ensure that students have the opportunity to apply core knowledge and skills to develop a substantial piece of work in response to an employer-set brief. The brief and tasks are contextualised around an occupational area and chosen by the student ahead of the assessment window.

To achieve the assessment objectives and meet the brief for Education and Childcare, you must demonstrate the following core skills (CS):

- CS1: communicate information clearly to engage children and young people, for example, to stimulate discussion and to secure understanding
- CS2: work with others to plan and provide activities to meet children and young people's needs
- CS3: use formative and summative assessment to track children and students' progress to plan and shape educational opportunities
- CS4: how to assess and manage risks to your own and others' safety when planning activities

Aims

Having selected an appropriate contextualised version of the employer-set project with your tutor, you will:

- plan and complete tasks within the employer-set project
- review and reflect on how you have approached the tasks in relation to meeting the brief
- use appropriate English, mathematics and digital skills:
 - use mathematical competencies in relation to observations and assessment
 - use written communication skills to submit an extended piece of writing, using the correct terminology and accurate spelling, grammar and punctuation
 - demonstrate how to use appropriate verbal communication skills and present information to an appropriate audience
 - use digital skills to demonstrate how to accurately record and track student attainment as well as design learning materials

Your tutor will already have:

- guided you to select an appropriate contextualised version of the employer-set project for the assessment
- taught you appropriate referencing and academic writing skills

Your tutor will supervise you when completing this assessment but will not be able to give you further guidance or feedback.

Your tutor will inform you of the following relevant health and safety considerations:

- all students **must** be informed and aware of any relevant health and safety considerations that need to be complied with to ensure they carry out their work in a safe manner
- students must be supervised at all times to ensure health and safety practices are observed
- where students are seen to be working in an unsafe manner, at the discretion of the tutor, the student may be removed from the assessment and the remaining time be rescheduled

Assessment:

- you are **not** permitted to work in groups, with the exception of the discussion element of task 2 (a), and all work must be your own
- you will have **12 hours** to complete the employer-set project. Recommended and maximum timings, where applicable, are provided for each task under the heading 'Conditions of the assessment'

Assessment objectives

The employer-set project is a formal assessment that accounts for 30% of the overall core component grade and therefore it is important that you produce work to the highest standard.

You will be assessed against the core knowledge and skills that you have learnt throughout your course of study, in response to a brief set in a real-world situation and validated by employers within the specific specialism.

The evidence generated for the employer-set project will be assessed holistically against 5 integrated assessment objectives. These assessment objectives and their weightings are shown in the tables below:

Assessment objective (AO)		AO weighting
AO1	Plan their approach to meeting the project brief	10%
AO2	Apply core knowledge and skills to meet developmental needs	53.33%
AO3	Select relevant techniques and resources to meet the brief	13.33%
AO4	Use English, mathematics and digital skills as appropriate	13.33%
AO5	Realise a project outcome and review how well the outcome meets the brief	10%

Evidence	AO1	AO2	AO3	AO4	AO5	Total
Task 1						
Task 1(a) (early support plan)	4	8	4			16
Task 1(b) (activity plan v1)	4	15	6			25

Guidance for students

Student instructions:

- read the project brief carefully before starting your work
- read the assessment objectives grid, as part of the marks for this assessment will be based on your ability to plan how you will meet the requirements of the brief; you should therefore keep brief planning notes as you work through the tasks for this assessment
- you **must** work independently and make your own decisions as to how to approach the tasks within the employer-set project
- you are permitted to bring in and use your own research, carried out in response to the pre-release activity, to the supervised sessions but these **must** be checked for suitability by your tutor. Your research must:
 - be contained within 4 pages, excluding references
 - be in an Arial font 11-14, within standard border sizes
 - clearly show where sources have been used to support your own ideas and opinions
 - clearly reference all sources used to support your own ideas and opinions
 - reference any quotations from websites
- you **must** clearly name and date all of the work that you produce during each supervised session
- you **must** hand over all of your work to your tutor at the end of each supervised session
- you **must not** work on the assessment in between supervised sessions

Student information:

- this employer-set project will assess your knowledge, understanding and skills from across the core content of the qualification
- in order to achieve a grade for the core component, you **must** attempt both of the external examinations **and** the employer-set project. The combined marks from these assessments will be aggregated to form the overall core component grade (A* to E and U). If you do not attempt one of the assessments, or fail to reach the minimum standard across all assessments, you will receive a U grade
- the maximum time you will have to complete all tasks for this employer-set project is 12 hours:
 - your tutor will explain how this time is broken down per task and will confirm with you if individual tasks need to be completed across multiple sessions
 - at the end of each supervised session, your tutor will collect all employer-set project assessment materials before you leave the room. You **must not** take any assessment materials outside of the room, for example, via a physical memory device. You **must not** upload any work produced to any platform that will allow you to access materials outside of the supervised sessions (including email)
- you can fail to achieve marks if you do not fully meet the requirements of the task, or equally if you are not able to efficiently meet the requirements of the task

Plagiarism

Plagiarism may result in the external assessment task being awarded a U grade. For further guidance, refer to your student handbook – plagiarism in external assessment and the maladministration and malpractice policy located at www.qualhub.co.uk.

Presentation of work:

- all of your work should be completed electronically using black font, Arial size 11 to 14 unless otherwise specified
- any work not produced electronically must be agreed with your tutor, in which case the evidence you produce should be scanned and submitted as an electronic piece of evidence
- all of your work should be clearly labelled with the relevant task number and your student details, and be legible, for example, front page and headers
- electronic files should be given a clear file name for identification purposes; see tasks for any relevant naming conventions
- all pages of your work should be numbered in the format 'Page X of Y', where X is the page number and Y is the total number of pages
- you must complete and sign the external assessment cover sheet (EACS) and include it at the front of your assessment task evidence
- you must submit your evidence to the supervisor at the end of each session

Employer-set project: pre-release activity

You should review the following brief ahead of the employer-set project tasks that will be provided to you in supervised conditions.

You are a practitioner working in a private day nursery. A new child has recently joined the day nursery. The practitioners have identified that the child is not making the expected levels of progress for his age. The child is aged 48 months. The key person has been notified of these concerns and will observe and support the child's development.

You will be working with the key person to support the new child's fine motor skills.
You will carry out research that will inform your own practice to effectively support the child's development.

You **must** consider:

- developmental norms and strategies that would be appropriate to support development
- the early years curriculum (Early Years Foundation Stage) and selection of suitable resources
- the role of observation, assessment, planning and reflection
- partnership working with parents, practitioners and other professionals
- safe working practices and risk assessment
- education theories, concepts and pedagogies.

Employer-set project brief: Early Years Educator

The employer-set project has been designed as an opportunity for you to demonstrate how you would respond to a current need that has been identified in your sector and is validated by employers.

You should consider how you will approach each task and plan your time to ensure you give yourself the best opportunity to meet the needs outlined in the brief. You should keep short notes on how you approach this, as they can be used to support the completion of a reflection task required at the end of the project.

You are working in the pre-school room of a private day nursery that is located in a rural area. Each day 14 children aged 3 to 5 years attend the pre-school room.

Tanveer has recently joined the day nursery. He is aged 48 months. The nursery manager has asked you to work alongside the key person to support Tanveer's specific developmental needs.

When Tanveer joined the nursery a brief on-entry formative assessment was carried out. Tanveer's current level of development can be seen in an extract from this assessment. Tanveer's child profile notes are also included with the assessment, showing background information gathered by practitioners during discussions with Tanveer's parents.

You are required to analyse the information provided in order to plan how you will support and develop Tanveer's fine motor skills. The approach, including an early support plan and activity plan, will be shared with, and approved by the key person.

Routine informal reviews will take place to assess Tanveer's continuing progress and the key person will formally review his development after 6 weeks.

Child profile

Setting	Emerson Private Day Nursery
Name:	Tanveer
Age:	48 months
Family background notes:	<p>Tanveer lives at home with his mum, dad and older brother, aged 5 years. Tanveer’s dad works full-time and is away from home 2 or 3 nights each week. Tanveer’s mum works one day each week when Tanveer’s grandma helps with childcare.</p> <p>Tanveer joined Emerson Day Nursery on 06/01/2020. He previously attended another setting for 4 months, but his mum decided the setting was too far away from their home address. Tanveer plays happily with his brother and enjoys imaginative play.</p>
Health and wellbeing notes:	<p>Tanveer’s 2-year check raised concerns about his fine motor skills. This was flagged as an area of development which may require some additional support.</p> <p>During the 2-year check, Tanveer’s mum confirmed that she still spoon-fed Tanveer as he was a messy and slow eater. She also stated that Tanveer had difficulty building a tower using small bricks.</p>
Other professional involvement:	Health visitor
Key person comments	<p>An on-entry formative assessment was carried out in the first 2 weeks of Tanveer joining Emerson Day Nursery (see extracts provided).</p> <p>Tanveer settled into nursery without any issues.</p> <p>Tanveer likes playing in the sand and water trays and is particularly fascinated by pouring and digging. He will often choose to play with the large construction blocks and is imaginative in his creations. Tanveer can ride a trike and kicks a ball with confidence. He is a sociable child who interacts well with other children. Tanveer enjoys snack time, is able to pour himself a drink and sometimes helps to cut the fruit.</p> <p>Tanveer has difficulty with some fine motor skills and does not choose to engage in drawing, painting or mark making activities. Tanveer will sit at the puzzle table and talk about the pictures but does not interact with the puzzle pieces. Tanveer does not attempt to fasten his own buttons or zip and often becomes frustrated when practitioners encourage him to try.</p> <p>Formative assessment and observations carried out on Tanveer have shown he is not meeting the expected levels in some aspects of physical development for his age.</p>

Emerson Private Day Nursery

Name: Tanveer	Age: 48 months	Key person: S. Connell
Date of entry to nursery: 06/01/2020	Date of on-entry formative assessment: 20/01/2020	

Extracts taken from the on-entry assessment for Tanveer

	<p>Physical Use large and small motor skills to do things independently, for example manage buttons and zips, and pour drinks</p>
<p>Key person comments: Tanveer is able to pour himself a drink, though has difficulty managing buttons</p>	

	<p>Personal, social and emotional development Play with one or more other children, extending and elaborating play ideas</p>
<p>Key person comments: Tanveer interacts and plays confidently with other children, particularly in small groups</p>	

	<p>Physical Be increasingly independent as they get dressed and undressed, for example, putting on and doing up zips</p>
<p>Key person comments: Tanveer has not yet developed his independence in these skills</p>	

	<p>Expressive arts and design Make imaginative and complex ‘small worlds’ with blocks and construction kits, such as a city with different buildings and a park</p>
<p>Key person comments: Tanveer shows a good level of imagination in his creations</p>	

	<p>Physical Choose the right resources to carry out their own plan, for example, choosing a spade to enlarge a small hole they dug with a trowel.</p>
<p>Key person comments: Tanveer often chooses to play in the sand tray and use all of the resources provided</p>	

	<p>Physical Develop their small motor skills so that they can use a range of tools competently, safely and confidently. Suggested tools: pencils for drawing and writing, paintbrushes, scissors, knives, forks and spoons.</p>
<p>Key person comments: Tanveer will need additional support to develop these skills</p>

Task 2	AOs 2 and 5
<p>You must discuss your proposed activity plan with your peers to support your planning of the activity.</p> <p>(a)(i) Read the activity plans you have been given by your tutor and complete a preparation for peer discussion form for each activity plan.</p> <p>Hand in your preparation for peer discussion forms to your tutor.</p> <p>(a)(ii) Your tutor will put you into your peer discussion groups.</p> <p>You will have access to your own activity plan, and your preparation for peer discussion forms completed in task 2(a)(i). You will have 20 minutes to re-familiarise yourself with the activity plan and your forms, before beginning the group discussion.</p> <p>Each group member will take it in turns to share their activity plan and receive feedback from the group.</p> <p>When you give feedback on other students' activity plans, you must use the preparation for peer discussion forms completed in task 2(a)(i).</p> <p>When you receive feedback, you must complete hand-written notes of the feedback you receive from each group member on the feedback from peer discussion form.</p> <p style="text-align: right;">[This part of the task is not marked]</p> <p>b) Use your feedback from peer discussion forms and reflect on the feedback that you have received. Use this feedback to write down how you will update your activity plan, referencing the feedback received during the peer discussion. Your tutor will provide you with a copy of your submitted activity plan from task 1(b).</p> <p>You must justify the feedback that you decided to act on, as well as the feedback that you decided not to use.</p> <p style="text-align: right;">[9 marks]</p> <p style="text-align: right;">[Total marks: 9]</p>	

Conditions of the assessment:

For 2(a)(i):

- task **2(a)(i)** must be completed in supervised conditions
- there is no time limit for completion of task 2(a)(i)
- you will hand in your work and receive feedback from your tutor with any improvements you need to make

For 2(a)(ii):

- the discussion will take place in groups to be decided by your tutor, and you will have access to all your materials from task 1(b) when preparing for this task
- you will have 20 minutes to prepare for this task, using the information you have developed in task 1, in supervised conditions
- each student will have a maximum of 5 minutes to discuss their activity plan to the rest of the group, who will collectively have up to 15 minutes to feed back on each student's activity plan

For 2(b):

- task 2(b) **must** be completed in supervised conditions
- you will only have access to your materials from task 1(b) and 2(a), following tutor approval; you will **not** have access to the internet or any other additional resource materials when completing your work for this task
- you will have a **maximum** of one hour to complete this task

Evidence requirements:

- handwritten or typed-up feedback notes, including questions asked to other group members - if handwritten, this evidence must be scanned prior to submission
- a written summary of any changes you plan to make to your activity plan

Submission:

The following filename conventions should be used for all materials produced:
