#### Pro-forma: task 4: reflective account

The spaces provided below are **not** indicative of length of response required. Consideration should be given to the time limit stated in the 'conditions of the assessment' section of the task.

You should consider the following areas when completing this task:

- how you feel you approached the overall project and how you achieved the tasks individually
- evaluate your performance and experience, reflecting on what did and did not go well and focusing on your strengths and weaknesses in both performance and knowledge
- outline conclusions you can draw from this experience
- identify areas you would approach differently or improve if you were to be faced with a similar project
