In addition, following a review by CACHE and The Communication Trust, any reference to Behavioural, Social and Emotional Difficulties (BESD) has been updated to align with the updated SEND category: Social, Emotional and Mental Health Needs (SEMH). As BESD and SEMH are not interchangeable terms the wording has been carefully considered and adjusted to reflect this.</td>

About this Qualification Specification

This Qualification Specification contains details of all the units and assessments you will be required to complete to gain this qualification. It also contains extra information for Tutors and/or Assessors.

How the qualification works

This qualification is made up of units each representing a small step of learning. This allows the qualification to be completed at your own pace.

All of the units achieved can be ‘banked’. This means that if you want to take another qualification which includes the same units you do not have to take them again.

Each unit has:

- a level - shows how difficult it is
- a credit value - one credit represents about 10 hours' work
- a unit aim – explains what is covered in the unit
- learning outcomes – cover what you need to do (skills) or what you need to understand (knowledge)
- assessment criteria – what you need to show (evidence)

Each learning outcome is linked to a number of assessment criteria. Evidence must be provided for all the assessment criteria to gain the unit.

### Total Qualification Time/Guided Learning: Definitions

Total Qualification Time (TQT) is comprised of the following two elements:

- the number of hours which we have allocated to a qualification for Guided Learning
- an estimated number of hours a Learner will reasonably be likely to spend in preparation, study, or any other form of participation in education or training, but not under the immediate supervision of a Tutor or Assessor.

**Guided Learning (GL)**

- Guided Learning (GL) and TQT apply to the qualification as a whole.
- We use GL to refer to the estimated guided learning hours at unit level.

---

### Recognition of Prior Learning (RPL)

Centres may recognise prior learning at their discretion if they are satisfied that the evidence provided meets the requirements of a qualification. Where RPL is to be used extensively (for a whole unit or more), advice must be given by your External Quality Advisor.
There are two main types of learning outcome:

- **Skills** that can be performed
- **Knowledge** that can be learnt.

Sometimes they can cover a combination of the two.

### Competence-/Skills-based learning outcomes:

- Begin with ‘Be able to’. The assessment criteria usually show that the evidence could be observable within a real work environment. Other methods may be applied, please see chart in Assessment Guidance section. All evidence must be based on the learner’s experience in a real work environment.

### Knowledge-based learning outcomes:

- Begin with ‘Know’, ‘Understand’ or ‘Know how to’.

For your convenience, Knowledge-only units are indicated by a lightbulb in both the Unit Achievement Log and at the top of the units.

If a unit is not marked with a lightbulb, it is a skills unit or contains a mix of knowledge and skills.

Making use of our websites

Our websites are maintained on a regular basis and this is where the most up-to-date documents can be found. We strongly advise that these should be used as a resource on an ongoing basis to ensure you always have the most current information.

All our qualification documents are version controlled, allowing you to check for updates or revisions.

The Public Website

Our public website address is: www.cache.org.uk. The website contains information about all our qualifications, and also a link to our QualHub www.qualhub.co.uk which contains:

- Key Facts
- Qualification Specifications
- other support materials.

There are also some other key documents that can be referred to when required. For example:

- Complaints Policy
- Enquiries and Appeals Policy
- Diversity and Equality Policy.

It also contains regular news updates and case studies and links to websites from other organisations that might be of interest.

The Centre Secure Website

More specific information to support Centre delivery can be found in our members area on QualHub. This site is for Approved Centres only.

To access the members area, please log in using the details provided by the Centre administrator.
Section 1: General introduction

Plagiarism

Plagiarism means claiming work that has been copied from someone or somewhere else to be your own. All the work you submit must be your own and not copied from anyone else unless you clearly reference the source of your information. Your Tutor will explain how to provide a reference list that shows where you found your information. If your Centre discovers evidence that your work is copied from elsewhere, it will not be accepted and you may be subject to your Centre's disciplinary procedure or ours. If this happens you will have to submit an additional piece of work for assessment. We will be notified of any cases of plagiarism.

Buying and selling assignments

Offering to buy or sell assignments is not allowed. This includes using sites such as eBay. If this happens we reserve the right not to accept future entries from you.

Equal opportunities

We fully support the principle of equal opportunities and oppose all unlawful or unfair discrimination on the grounds of ability, age, colour, culture, disability, domestic circumstances, employment status, gender, marital status, nationality, political orientation, racial origin, religious beliefs, sexual orientation and social background. We aim to ensure that equality of opportunity is promoted and that unlawful or unfair discrimination, whether direct or indirect, is eliminated both in its own employment practices and in access to its qualifications. A copy of CACHE’s Diversity and Equality policy is available on the website.

Diversity, access and inclusion

Our qualifications and associated assessments are designed to be accessible, inclusive and non-discriminatory. We regularly evaluate and monitor the 6 diversity strands (gender, age, race, disability, religion, sexual orientation) throughout the development process as well as delivery, external moderation and external assessment processes of live qualifications. This ensures that positive attitudes and good relations are promoted, discriminatory language is not used and our assessment procedures are fully inclusive.

Learners who require reasonable adjustments or special consideration should discuss their requirements with their Tutor, who should refer to our Reasonable Adjustments and Special Considerations policy for guidance. For more information on the Reasonable Adjustments and Special Considerations policy please see our dedicated qualifications website www.qualhub.co.uk.

### Real work environment (RWE) requirement

Learners will need to be working, volunteering or on practical placement to be able to show competence in both knowledge and skills.

### Rules of Combination

Learners must achieve a minimum of 9 credits. 6 credits must come from the mandatory units in Group A and a minimum of 3 credits must come from the optional units in Group B.

### Progression

Learners may progress to a number of our qualifications, including: the Level 3 Award, Certificate and Diploma in Child Care and Education (Early Years Educator), Level 3 Diploma for the Children and Young People’s Workforce and the Level 3 Diploma in Health and Social Care.
### Recommended assessment methods

All units are internally assessed.

Assessment enables the learner’s workplace practice to provide evidence for individual units as well as the whole qualification. Methods of assessment could include:

- inference of knowledge from direct observation of practice
- witness evidence when directed by the sector skills assessment strategy
- professional discussion
- reflection on own practice in real work situations
- written assignments
- learner’s own plans and written records
- task set by us for knowledge learning outcomes only *

The qualification will be graded Achieved or Not Yet Achieved and all the assessment criteria of the chosen units must be achieved in order to obtain Achieved overall.

* NB: assessment tasks are provided for Tutors’ convenience. They are not mandatory.

### Additional assessment requirements

All units must be assessed in line with the Skills for Care and Development Assessment Strategy.

### Grading system

Achieved/Not Yet Achieved

### How long will it take to complete?

Learners can usually complete the Award in 6 months.

### Entry requirements/recommendations

Learners should be at least 16 years old. We do not set any other entry requirements but Centres may have their own guidelines.

### Regulation information

This is a regulated qualification. The regulated number for this qualification is 600/4257/6.

### Qualification support

This qualification is supported by Skills for Care.
Introduction to this qualification

Speech, language and communication skills are essential for the development of a child’s learning and their social and emotional well-being. They also play a vital role in developing skills for life and work. It is important that the entire children’s workforce understand what typical speech, language and communication development looks like for the age group that they are working with.

This qualification is for those who work with children and young people. It provides a professional development opportunity and aims to develop the appropriate knowledge and skills to enable learners to:

- understand the importance of speech, language and communication
- identify the signs of those children who are experiencing difficulties
- promote speech, language and communication development
- explore ways to support children and young people who have speech, language and communication needs (SLCN).

We are pleased to say that this qualification has gained the support of The Communication Trust who highlight the importance of speech, language and communication across the children and young people’s workforce and to enable practitioners to access the best training and expertise to support the communication needs of all children, and also ICAN who are the children’s communication charity that supports children with speech, language and communication difficulties.

Section 2: About this qualification

**Rules of combination**

Learners must achieve a minimum of 9 credits. 6 credits must come from the mandatory units in Group A and a minimum of 3 credits must come from the optional units in Group B.

**Progression**

This award provides opportunities for specialist learning for practitioners working in a wide range of occupational settings including:

- children and young people’s
- early years
- health and social care
- playwork
- youth work
- educational.

Learners may progress to a number of our qualifications, including: the Level 3 Award, Certificate and Diploma in Child Care and Education (Early Years Educator), Level 3 Diploma for the Children and Young People’s Workforce and the Level 3 Diploma in Health and Social Care.

This qualification also affords opportunity for further development.

**Continuing Professional Development**

Continuing professional development in speech language and communication can lead to an increase in confidence. It can also improve practice and achieve better outcomes for children and young people.

**Assessment of skills**

Skills based assessment criteria are identifiable throughout the units as the learning outcomes begin with ‘Be able to …’. Evidence for these skills can be collated from the learner’s day to day practice. They may include reflective accounts, observations of children, activity plans and work products, or through a more direct approach involving observations of the learner and professional discussions.
Section 3: Units

This section includes assessment tasks for Tutors’ convenience. They are not mandatory.

**Additional information about the unit:**

| Relationship to occupational standards | There are links to some of the competencies from CCLD NOS Unit 301 and 303 SLC Framework. |

**Guidance for developing assessment arrangements for the unit:**

| Additional unit assessment requirements provided with the unit | Assessment of learning outcome 3 should relate to real work activities. This unit needs to be assessed in line with the Skills for Care and Development Assessment Principles. |

**Factors** may include:
- limited or poor quality support for speech, language and communication development
- hearing difficulties
- social disadvantage
- physical difficulties such as cerebral palsy
- other syndromes, conditions or areas of need such as autism, attention deficit disorder
- trauma/abuse
- family history of SLCN

Assessment task – CYPOP 20 Support speech, language and communication development

When working with supporting the development of children and young people with speech, language and communication needs, it is important to understand the issues involved. Produce a resource folder in two sections:

Section 1 - The importance of speech language and communication for the individual’s overall development

Section 2 - Typical speech language and communication development

Task 1 links to learning outcome 1, assessment criteria 1.1, 1.2, 1.3 and 1.4.

Section 1 - The importance of speech language and communication for the individual’s overall development

The evidence in your resources must show that you can:

- explain each of the terms:
  - speech
  - language
  - communication
  - speech language and communication needs
- explain how speech, language and communication skills support the following areas in children and young people’s development:
  - learning
  - emotional
  - behaviour
  - social
- describe the potential impact of speech, language and communication difficulties on the overall development of a child or young person both currently and long term
- explain the factors that increase the risk of children and young people having speech language and communication needs.
Task 2 links to learning outcome 2, assessment criteria 2.1, 2.2, 2.3 and 2.4.

Section 2 - Typical speech language and communication development

The evidence in your resources must show that you can:

- summarise the typical stages of speech, language and communication development of children in the following age groups, including both understanding and use of language:
  - 0-5 years old
  - 5-11
  - 11-16
  - 16-25
- explain how children and young people develop their speech, language and communication and identify how this applies to children who are learning more than one language
- explain how speech, language and communication work together to enable effective interaction
- explain the different ways in which a child or young person may not follow typical speech language and development.
**Unit aim**

This unit explores the ways in which those working with children and young people can support the development of speech, language and communication skills. The unit also looks at how to recognise, and access specialist support, for those children and young people who may have speech, language and communication needs.

Assessment task - CYPOP 21 Work with parents, families and carers to support their children’s speech, language and communication development

In your work role where you are working with parents, families and carers to support their child/children/young person’s speech language and communication development, prepare a briefing document which includes the following two sections:

Section 1: The importance of parental support
Section 2: The importance of partnership working

Task 1 links to learning outcome 1, assessment criteria 1.1, 1.2 and 1.3.

Section 1: The importance of parental support

This section must include:

- an outline of the nature of the parent/child/young person relationship at key stages of a child or young person’s life in relation to speech, language and communication
- an explanation of the influences of different parenting styles on speech, language and communication development
- an explanation of how supporting effective speech, language and communication between parents and children, or young people, could influence their relationship and overall development at home.

Task 2 links to learning outcome 4, assessment criteria 4.1, 4.2 and 4.3.

Section 2: The importance of partnership working

This section must include:

- an explanation of why it is important to be able to work in partnership with parents of children and young people with speech, language and communication needs
- identification of the useful sources of information and relevant organisations and services to support parents of children and young people who have speech, language and communication needs
- an explanation of the importance of partnership working across professionals, agencies and parents when supporting children and young people with speech, language and communication needs.

Assessment task – CYPOP 22 Understand the speech, language and communication needs of children and young people with behavioural, social and emotional difficulties.

Your local authority is planning to provide information for parents and adults who work with children and young people on the links between social, emotional and mental health and speech, language and communication development, and ways that children and young people can be supported. Produce information which includes the following:

Task 1 links to learning outcome 1, assessment criteria 1.1, 1.2, 1.3 and 1.4.

- an explanation of why behaviour can be seen as a means of communication
- an explanation, with examples, of how children and young people’s speech, language and communication needs may affect behaviour, social and emotional development and mental wellbeing
- a review and report on relevant research about the incidence of speech, language and communication needs and social, emotional and mental health difficulties in children and young people
- a description of the range of social, emotional and mental health difficulties that children and young people may experience and how they can affect speech, language and communication development

Task 2 links to learning outcome 2, assessment criteria 2.1, 2.2, 2.3 and 2.4.

- an identification of key barriers to social and emotional development and mental wellbeing that are experienced by children and young people with speech, language and communication needs
- an explanation of effective strategies to overcome barriers to support the speech language and communication development of children and young people with social, emotional and mental health needs
- an explanation of how adapting adult language and interactions can support a child’s behaviour, emotional wellbeing and social skills as well as support their communication development
- an explanation of how positive changes to the communication environment can support communication development for children and young people with social, emotional and mental health needs
**Task 3** links to learning outcome 3, assessment criteria 3.1, 3.2 and 3.3.

- an identification and an explanation of current evidence based approaches to understanding children and young people’s behaviour
- an explanation of how setting-wide strategies to promote positive behaviour, emotional and social development and mental wellbeing can be adapted to support children and young people with speech, language and communication needs
- an explanation, using examples, of how individual strategies to promote positive behaviour, emotional and social development and mental wellbeing can be adapted to support children and young people with speech, language and communication needs

**Task 4** links to learning outcome 4, assessment criteria 4.1 and 4.2.

- an explanation of ways to work with parents and families in supporting children and young people with speech, language and communication needs, that also promote positive behaviour
- an explanation of the roles of other professionals who may be involved in joint or integrated working to promote positive behaviour, emotional and social development and mental health needs of children and young people.
CYPOP 23: Support the speech, language and communication development of children who are learning more than one language

Unit reference J/601/2888  Level 3

Credit value 3  Unit guided learning hours 26

Unit aim This unit is designed to explore the ways in which speech, language and communication skills are influenced when children and young people are learning more than one language. The unit addresses the cultural issues around the assessment and approaches to speech, language and communication development for children and young people learning more than one language.

Skills based assessment criteria are identifiable throughout the units as the learning outcomes begin with ‘Be able to …’ Evidence for these skills can be collated from the learner’s day to day practice. They may include reflective accounts, observations of children, activity plans and work products, or through a more direct approach involving observations of the learner and professional discussions.

1. Understand the speech, language and communication assessment process for children and young people who are learning more than one language.

1.1. Explain how to identify which languages are used by children and young people in the work setting.

1.2. Explain how to collect information on a child or young person’s use of their languages at home and in the work setting.

Recommended assessment methods

A recommended range of assessment methods has been identified, which may be used for the units in this qualification. This gives the opportunity for different learning styles and individual needs of learners to be taken into account.

If you are proposing to use an assessment method that is not included within the recommended list you should contact your Customer Quality Advisor with full details of your proposed method. It will need formal approval from us before it can be used.

Please refer to the notes relating to **Expert Witness testimony** and **simulation** which follow this table.

### Expert Witness testimony

*Expert Witness testimony* should be used in line with the relevant assessment strategy/principles. This method must be used with professional discretion, and only selected when observation would not be appropriate. Those providing an expert witness testimony must be lead practitioners with experience of making judgements around competence. The circumstances that may allow for an expert witness testimony include:

- when assessment may cause distress to an individual, such as supporting a child with a specific need
- a rarely occurring situation, such as dealing with an accident or illness
- confidential situations, such as Safeguarding Strategy meetings, where it would be inappropriate for an Assessor to observe the learner’s performance.

### Simulation

**Simulation.** A learner’s Portfolio of Evidence may only include simulation of skills where simulation is permitted by the relevant assessment strategy/principles.

**Assessment strategies and principles relevant to this qualification**

The units we offer have been developed in line with the specific **assessment strategies or principles** of different Sector Skills Councils (SSCs) or by us where there is no SSC lead.

The key requirements of the assessment strategies or principles that relate to units in this qualification are **summarised** below. More detailed strategies or principles can be found in *Delivering our Qualifications – Assessment and Internal Quality Assurance Guidance*, which can be found on our secure website.

The Centre needs to ensure that individuals undertaking Assessor or Quality Assurer roles within your Centre conform to the SSC assessment requirements for the **unit** they are assessing or quality assuring.

---

**Skills for Care and Development Assessment Principles**

**Knowledge learning outcomes**

- **Assessors** will need to be both occupationally knowledgeable and qualified to make assessment decisions
- **Internal Quality Assurers** will need to be both occupationally knowledgeable and qualified to make quality assurance decisions

**Competence/Skills learning outcomes**

- **Assessors** will need to be both occupationally competent and qualified to make assessment decisions
- **Internal Quality Assurers** will need to be both occupationally knowledgeable and qualified to make quality assurance decisions

Useful documents

This section refers to useful documents that can be found on our secure website, some of which may assist with the delivery of this qualification.

- Delivering CACHE Qualifications – Assessment and Internal Quality Assurance Guidance

Mandatory documents

The completion of an Evidence Record and Record of Assessment Cycle form is mandatory. We have devised these templates for your convenience; however, you may design your own forms which comply with the content of our templates.

- CACHE Evidence Record
- CACHE Record of Assessment Cycle

We have also provided notes to guide you when completing these forms:

- Completing the CACHE Evidence Record
- Completing the CACHE Record of Assessment Cycle

The forms and guidance documents are included within Delivering Our Qualifications – Assessment and Internal Quality Assurance Guidance on our secure website.

Safeguarding guidance

To support early years settings, the UKCIS Education Working Group has developed two documents to help early years settings managers and staff consider their practice and to take steps to safeguard both children and adults online. To access the documents, please visit: www.gov.uk/government/publications/safeguarding-children-and-protecting-professionals-in-early-years-settings-online-safety-considerations.
