About this Qualification Specification

This Qualification Specification contains details of all the units and assessments you will be required to complete to gain these qualifications. It also contains extra information for your tutor or assessor.

How the qualifications work

These qualifications are made up of units each representing a small step of learning. This allows the qualifications to be completed at your own pace.

All of the units achieved can be ‘banked’. This means that if you want to take another qualification which includes the same units you do not have to take them again.

Each unit has:

- a level - shows how difficult it is
- a credit value - one credit represents about 10 hours’ work
- a unit aim – explains what is covered in the unit
- learning outcomes – cover what you need to do (skills) or what you need to understand (knowledge)
- assessment criteria – what you need to show (evidence)

Each learning outcome is linked to a number of assessment criteria. Evidence must be provided for all the assessment criteria to gain the unit.

Section 1: General introduction

Total Qualification Time/Guided Learning: Definitions

Total Qualification Time (TQT) is comprised of the following two elements:

- the number of hours which we have allocated to a qualification for Guided Learning
- an estimated number of hours a Learner will reasonably be likely to spend in preparation, study, or any other form of participation in education or training, but not under the immediate supervision of a tutor or assessor.

Centres can decide how to allocate the TQT across the units of a qualification.

Guided Learning (GL)

- Guided Learning (GL) and TQT apply to the qualification as a whole.
- We use GL to refer to the estimated guided learning hours at unit level.

Recognition of Prior Learning (RPL)

Centres may recognise prior learning at their discretion if they are satisfied that the evidence provided meets the requirements of a qualification. Where RPL is to be used extensively (for a whole unit or more), advice must be given by your External Quality Advisor.

Credit transfer

Where a learner has already achieved a unit with credit, we will recognise that prior learning and will allow the credit to be transferred onto a new qualification, provided that the units have the same Ofqual reference number.
Understanding learning outcomes

There are two main types of learning outcome:

- **Skills** that can be performed
- **Knowledge** that can be learnt.

Sometimes they can cover a combination of the two.

**Competence / Skills based learning outcomes:**
- Begin with 'Be able to'. The assessment criteria usually show that the evidence could be observable within a real work environment. Other methods may be applied (please see chart in Assessment Guidance section). All evidence must be based on the learner’s experience in a real work environment.

**Knowledge based learning outcomes:**
- Begin with ‘Know’, ‘Understand’ or ‘Know how to’.
### Making use of our websites

Our websites are maintained on a regular basis and this is where the most up to date documents can be found. We strongly advise that these should be used as a resource on an ongoing basis to ensure you always have the most current information.

All our qualification documents are version controlled, allowing you to check for updates or revisions.

### The Public Website

Our public website address is [www.cache.org.uk](http://www.cache.org.uk). The website contains information about all our qualifications, and also a link to our QualHub [www.qualhub.co.uk](http://www.qualhub.co.uk) which contains:

- Key Facts
- Qualification Specification

There are also some other key documents that can be referred to when required. For example:

- Complaints Procedure
- Appeals Process
- Diversity Statement

It also contains regular news updates and case studies and links to websites from other organisations that might be of interest.

### The Centre Secure Website

More specific information to support Centre delivery can be found in our members area on QualHub. **This site is for Approved Centres only.**

To access the members area on QualHub, please log in using the details provided by the Centre administrator.
Section 1: General introduction

**Plagiarism**

Plagiarism means claiming work that has been copied from someone or somewhere else to be your own. All the work you submit must be your own and not copied from anyone else unless you clearly reference the source of your information. Your Tutor will explain how to provide a reference list that shows where you found your information. If your Centre discovers evidence that your work is copied from elsewhere, it will not be accepted and you may be subject to your Centre’s disciplinary procedure or ours. If this happens you will have to submit an additional piece of work for assessment. We will be notified of any cases of plagiarism.

**Buying and selling assignments**

Offering to buy or sell assignments is not allowed. This includes using sites such as eBay. If this happens we reserve the right not to accept future entries from you.

**Equal opportunities**

We fully support the principle of equal opportunities and oppose all unlawful or unfair discrimination on the grounds of ability, age, colour, culture, disability, domestic circumstances, employment status, gender, marital status, nationality, political orientation, racial origin, religious beliefs, sexual orientation and social background. We aim to ensure that equality of opportunity is promoted and that unlawful or unfair discrimination, whether direct or indirect, is eliminated both in its own employment practices and in access to its qualifications. A copy of CACHE’s Diversity and Equality policy is available on the website.

**Diversity, access and inclusion**

Our qualifications and associated assessments are designed to be accessible, inclusive and non-discriminatory. We regularly evaluate and monitor the 6 diversity strands (gender, age, race, disability, religion, sexual orientation) throughout the development process as well as delivery, external moderation and external assessment processes of live qualifications. This ensures that positive attitudes and good relations are promoted, discriminatory language is not used and our assessment procedures are fully inclusive.

Learners who require reasonable adjustments or special consideration should discuss their requirements with their Tutor, who should refer to our Reasonable Adjustments and Special Considerations policy for guidance. For more information on the Reasonable Adjustments and Special Considerations policy please see our dedicated qualifications website www.qualhub.co.uk.

<td>Learners must achieve a minimum of 9 credits for the Award. 5 or more credits must be achieved at Entry Level 3 (Group A) a further 4 credits must be achieved from Group A and/or Group B.</td>
</tr>
</tbody>
</table>
**Progression**

Learners are able to progress onto the Entry Level Certificate in Caring for a Child/Children (Entry 3) or Level 1 Award, Certificate and Diploma in Caring for Children giving the opportunity to carry forward shared units.

Further progression opportunities will depend on the learners’ abilities, but could include a broad range of destinations in Foundation Learning including:

- GCSEs
- supported employment
- independent living.

**Recommended assessment methods**

All units will be internally assessed using a range of methods which could include: written assignments or tasks* such as designing a leaflet or booklet, charts or diagrams or setting up an information board.

* NB: assessment tasks are provided for tutors’ convenience. They are not mandatory.

**Additional assessment requirements**

N/A

**Grading system**

Achieved/Not Yet Achieved

**How long will it take to complete?**

The Award and the Certificate can usually be completed in one year or less when taken as part of Foundation Learning.

**Entry requirements / recommendations**

Learners should be at least 14 years old. We do not set any other entry requirements but Centres may have their own guidelines.

**Regulation information**

This is a regulated qualification. The regulated number for this qualification is 500/9354/X.

### Progression

This qualification provides a straightforward progression to the Level 1 Award, Certificate and Diploma in Caring for Children giving the opportunity to carry forward shared units.

Further progression opportunities will depend on the learners’ abilities, but could include a broad range of destinations in Foundation Learning including:

- GCSE’s
- supported employment
- independent living.

### Recommended assessment methods

All units will be internally assessed using a range of methods which could include: written assignments or tasks* such as designing a leaflet or booklet, charts or diagrams or setting up an information board.

* NB: assessment tasks are provided for tutors’ convenience. They are not mandatory.

### Additional assessment requirements

N/A

### Grading system

Achieved/Not Yet Achieved

### How long will it take to complete?

The Award and the Certificate can usually be completed in one year or less when taken as part of Foundation Learning.

### Entry requirements / recommendations

Learners should be at least 14 years old. We do not set any other entry requirements but Centres may have their own guidelines.

### Regulation information

This is a regulated qualification. The regulated number for this qualification is 500/9353/8.
Qualifications introduction and purpose

These qualifications:

- are suitable for 14-19 year olds as well as adults and those who have English as an Additional Language (EAL) learners
- are part of Foundation Learning (FL) and are will be eligible for Foundation Learning funding
- allow learners to discover and develop skills to care for children
- will be signposted to relevant NOS and will reflect the themes of Every Child Matters and Early Years Foundation where applicable.

Rules of combination

Rules of combination is the phrase that is used to describe how units and their associated credit values can be put together to form a named and recognised qualification.

This section sets out the rules of combination and their requirements relevant to this publication.

Rules of combination for the Award:

- learners must achieve a minimum of 9 credits for the Award
- 5 or more credits must be achieved at Entry Level 3 (Group A)
- a further 4 credits must be achieved from Group A and/or Group B.

Rules of combination for the Certificate:

- learners must achieve a minimum of 18 credits for the Certificate
- 10 or more credits must be achieved at Entry Level 3 or Level 1 (Group A)
- a further 8 credits must be achieved from Group A and/or Group B.
Rules of progression

**Progression from Entry Level 3 Award to Certificate**

Credits achieved in the Entry Level Award in Caring for a Child / Children (Entry 3) can be counted towards the Entry Level Certificate in Caring for a Child / Children (Entry 3).

For example:

If a learner has achieved 5 credits from group A for the Entry Level Award in Caring for a Child / Children (Entry 3), 5 credits will need to be achieved from Group A and a further 8 credits from either Group A or Group B for the Entry Level Certificate in Caring for a Child / Children (Entry 3).

**Progression from Entry Level 3 to Level 1 Award, Certificate and Diploma**

If the following units have been achieved at Entry Level 3 the credits may be counted towards the Level 1 Award/Certificate/Diploma in Caring for Children:

- respecting and valuing children
- children’s play and leisure activities in the community
- confidence building for the young child through play
- listening to and talking with a young child.

These qualifications also have some common units with the Entry Level Award and Certificate in Personal and Social Development (Entry 3) and the Level 1 Award and Certificate in Personal and Social Development. This enables credits and learning to be transferred between all these qualifications in line with the given rules of combination.

<table>
<thead>
<tr>
<th>Unit title</th>
<th>Provides a clear, concise explanation of the content of the unit.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Unit number</td>
<td>The unique number assigned by the owner of the unit (e.g. NCFE, Pearson).</td>
</tr>
<tr>
<td>Unit reference</td>
<td>The unique reference number given to each unit at qualification approval by Ofqual.</td>
</tr>
<tr>
<td>Unit level</td>
<td>Denotes the level of the unit within the framework.</td>
</tr>
</tbody>
</table>
| Unit credit value           | The value that has been given to the unit based on the expected learning time for an average learner.  
                              | 1 credit = 10 learning hours. |
| Unit aim                    | Provides a brief outline of the unit content. |
| Learning outcome            | A statement of what a learner will know, understand or be able to do, as a result of a process of learning. |
| Assessment criteria         | A description of the requirements a learner must achieve to demonstrate that a learning outcome has been met. |
| Additional information*     | This box identifies the assessment strategy relevant to the unit. When required, this will include specific guidance relating to the assessment of the unit and information to support the learner to achieve. |
| Unit assessment guidance*   | Any additional guidance provided to support the assessment of the unit. |
| Unit guided learning hours  | The average number of hours of supervised or directed study time or assessment required to achieve a qualification or unit of a qualification. |
| Assessment task *           | A scenario or aspect of the work role that will support the learner in producing the evidence requirements for knowledge only learning outcomes. |

* Additional information, Unit assessment guidance and Assessment tasks may not be provided for all units.

NB: Words highlighted in bold in the learning outcomes, assessment criteria and assessment tasks are linked to the additional guidance section where more information on them can be found.

CFC 1: Confidence building for the young child through play

Your learning

The emphasis of this particular unit is on how playing can help build young children’s confidence so that they become confident in their ability to do things.

You will learn how becoming confident helps a young child to develop a positive self-esteem.

You will explore ways in which adults can support young children in their play without dictating how the young child should play.

Young children can participate in different activities and you will see how activities can be carried out to help them to express their feelings freely.

Remember that the activities described for your assessment must be suitable for young children up to the age of five years 11 months.

To achieve this unit you must provide evidence to show that you have met all assessment criteria.
CFC 1: Confidence building for the young child through play

**Unit reference**  T/601/3406  
**Level**  Entry Level 3

**Credit value**  3  
**GL**  30

**Unit aim**  The aim of this unit is to enable the learner to understand how play can build a child’s confidence, self-esteem and communication skills.

<table>
<thead>

</tbody>
</table>

1. Know the support a young child needs to gain confidence through play.

   1.1. List play activities that would help build a child’s confidence.

   1.2. State the support that the child may need whilst gaining confidence in an activity.

2. Know how to encourage a young child to express their feelings through play.

   2.1. Give an example of an activity that will support a child to express their feelings.

   2.2. Identify how interaction can help to build a child’s self-esteem.
Learner declaration of authenticity:
I declare that the work presented for this unit is entirely my own work.

Learner signature: Date:

Assessor sign off of completed unit: CFC 1
I confirm that the learner has met the requirements for all assessment criteria demonstrating knowledge and skills for this unit.

Assessor name: Signature: Date:

For e-portfolio a signature is not required, providing the learner has a personalised and secure login.

Guidance for developing assessment arrangements for the unit:

| Sector guidance | A young child is designated as a child under 5 years 11 months old. |
Assessment task – CFC 1 Confidence building for the young child through play

This assessment has been designed to meet all assessment criteria for learning outcomes 1 and 2.

**Task 1** links to assessment criteria 1.1 and 1.2.

- list three play activities that would help to build the child’s confidence. Your activities could be for indoor or outdoor play
  
  1. ________________________________
  
  2. ________________________________
  
  3. ________________________________

- state briefly the way you would support a young child as they gain confidence in an activity.
  
  1. ____________________________________________________________
  
  ____________________________________________________________
Task 2 links to assessment criteria 2.1 and 2.2.

Playing with puppets is an activity that could help a young child to express their feelings.

Complete the chart below with your chosen activity and state how a carer’s interaction could help to build a child’s self-esteem.

<table>
<thead>
<tr>
<th>Play activity:</th>
<th>State how the carer’s interaction would help to build a child’s self-esteem</th>

</tr>
<tr>
<td>One of the following would be sufficient to meet the assessment criteria:</td>
<td></td>
</tr>
<tr>
<td>- The carer may clap a performance with the puppet</td>
<td></td>
</tr>
<tr>
<td>- The carer may answer a question asked by the puppet</td>
<td></td>
</tr>
<tr>
<td>- The carer may smile to show they are enjoying the puppet activity</td>
<td></td>
</tr>
<tr>
<td>- The carer may say that was “brilliant, well done”. Give praise and encouragement.</td>
<td></td>
</tr>
</tbody>
</table>
CFC 2: Listening to and talking with a young child

Your learning

You will explore a range of communication skills looking at verbal and non-verbal communication. This unit is all about communicating with young children under the age of five so once you have demonstrated that you understand the importance of listening actively and talking clearly you will begin to study how babies and young children communicate in different ways.

You must be able to show how a child knows that an adult is listening to them. What does the adult need to do and say? There are lots of ways that you can help babies and young children develop effective communication skills. Part of this unit is exploring the activities that you could use with babies and with older children up to the age of five. The activities you choose to list for your assessment must be suitable for a two year old child.

To achieve this unit you must provide evidence to show that you have met all assessment criteria.
CFC 2: Listening to and talking with a young child

**Unit reference**: F/601/0119  
**Level**: Entry Level 3  
**Credit value**: 3  
**Unit aim**: The aim of this unit is to help the learner understand the importance of listening to and talking with a young child. It will also explore activities that will help develop a child’s communication skills.

Version 10.1 35
Assessment task – CFC 2 Listening to and talking with a young child

This assessment has been designed to meet all assessment criteria for learning outcomes 1 and 2.

Task 1 links to assessment criteria 1.1 and 1.2.

A young child is talking to you. List two ways that you can respond to show a child that you are actively listening to what they are saying. An example is given for you.

Example: I could smile to show approval to the child.

1. ______________________________________

2. ______________________________________

Task 2 links to assessment criteria 2.1, 2.2 and 2.3.

Complete the following table with:

- two further play activities which would encourage a 2 year old child to develop their talking and listening skills
- state your role or the role of the adult in the activities
- identify the active role taken by the child in the activity.

<table>
<thead>
<tr>
<th>Listening and talking activities with a 2 yr old</th>

<td></td>
<td></td>
</tr>
</tbody>
</table>
CFC 3: Providing a safe and hygienic environment for a young child

Your learning

You will learn about why it is important to practise good personal hygiene yourself and how to teach young children hygiene activities so that they are able to develop a healthy daily routine.

You will learn about common childhood illnesses so that you will be able to identify when a child is unwell and know how to respond and care for them.

To achieve this unit you must provide evidence to show that you have met all assessment criteria.
CFC 3: Providing a safe and hygienic environment for a young child

Unit reference: J/601/0123
Level: Entry Level 3
Credit value: 3

Unit aim: The aim of this unit is to introduce the learner to the importance of providing a safe and hygienic environment for a young child.

<table>

1. Know the importance of personal hygiene.

1.1. Outline daily personal hygiene activities for carer and young child.

1.2. State why personal hygiene is important in the care of a young child.

2. Know about signs of ill health in a young child.

2.1. Identify common signs of ill health in a young child.

2.2. Give examples of how to respond to signs of ill health in a young child.

3. Know about keeping a young child safe in the home.

3.1. Identify possible hazards to a young child in the home.

3.2. Give examples of how to prevent accidents to a young child in the home.
Learner declaration of authenticity:
I declare that the work presented for this unit is entirely my own work.

Learner signature:   Date:

Assessor sign off of completed unit: CFC 3
I confirm that the learner has met the requirements for all assessment criteria demonstrating knowledge and skills for this unit.

CFC 4: Routines for a young child

Your learning

You will learn about routines that make up a young child’s day. You will explore the reasons why it is important for babies and young children to have routines and you will have the opportunity to plan a daily routine for a young child aged 1 to 2 years old.

This unit teaches you the importance for young children of providing a healthy balanced diet.

Young children rely on the adult for all their care needs, to make sure they are clean, well fed, get sufficient rest and sleep and are clothed appropriately for the weather. The task for this unit is to make sure that you have understood that you are able to plan for their needs.

To achieve this unit you must provide evidence to show that you have met all assessment criteria.
CFC 4: Routines for a young child

Unit reference  Y/601/0126  Level  Entry Level 3
Credit value  4  GL  40

Unit aim  The aim of this unit is to make the learner aware of the value of a routine for a young child and gives an opportunity for the learner to explore aspects of daily activities.

Assessor name:

Signature: Date:

For e-portfolio a signature is not required, providing the learner has a personalised and secure login.
Assessment task – CFC 4 Routines for a young child

This assessment has been designed to meet all assessment criteria for learning outcomes 1, 2, 3 and 4.

Introduction

This unit will help you to begin to understand the value of a daily routine for a young child and learn about the different activities that takes place in a young child’s day.

Task 1 links to assessment criteria 1.1 and 1.2.

- In chart form give information about a daily routine for a young child aged 1 to 2 years, starting from the time the child wakes up, until the time the child goes to sleep at night.
- State a minimum of 2 benefits of a routine for the young child.

Task 2 links to assessment criteria 2.1.

- Design a menu showing a healthy diet suitable for a 2 year old child for one day:
  - include all meals, snacks and drinks which the child needs during the day.

Task 3 links to assessment criteria 3.1.

- Produce an A4 poster showing suitable clothing and protection for children aged 1 to 2 years who are outside in the following types of weather:
  - a hot sunny day
  - a rainy day
  - a bitterly cold day
  - a windy day.

You may use drawings, writing or cut pictures from magazines.
Task 4 links to assessment criteria 4.1.

- Plan a sleeping area that meets the requirements of a child aged 1 to 2 years.
- Write a brief description of how the following prepares a 1 to 2 year old child for their bedtime:
  - bath time
  - personal hygiene
  - clothing and bedding
  - calming down activities.
CFC 5: Play and learning in the home

Your learning

You will learn how babies and young children develop. At birth a baby is able to make movements with their arms and legs, cry and make noises, suck a bottle or breast, at this time they sleep for a lot of the time. Five year olds are able to move with control and coordination, run around, talk, brush their teeth, wash and eat by themselves. It is important to learn about the different stages of development so that you can understand why you need to provide different play opportunities for the different ages. This will also help you to understand how the adult's role differs depending on the age of the child.

The unit is about play in the home so you will learn about the roles and responsibilities of the adult before, during and after play in the home, not in the community. This will include knowledge about how the adult can support babies and young children while they play.

To achieve this unit you must provide evidence to show that you have met all assessment criteria.
CFC 5: Play and learning in the home

Unit reference K/601/0129  Level Entry Level 3
Credit value 3  GL 30

Unit aim The aim of this unit is to enable the learner to provide play activities in the home and understand the adult’s role and responsibilities in supporting children’s play.

<table>
<thead>
<tr>
<th>Learner name:</th>

<tr>
<td></td>
<td>2.2. Identify the responsibilities of the adult during a young child’s play in the home.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
Learner declaration of authenticity:
I declare that the work presented for this unit is entirely my own work.

Learner signature: Date:

Assessor sign off of completed unit: CFC 5
I confirm that the learner has met the requirements for all assessment criteria demonstrating knowledge and skills for this unit.

Assessor name:

Signature: Date:

For e-portfolio a signature is not required, providing the learner has a personalised and secure login.
Assessment task – CFC 5 Play and learning in the home

This assessment has been designed to meet all assessment criteria for learning outcomes 1 and 2.

Introduction

A local parent and toddler group has asked for suggestions for examples of play opportunities in the home for children under two.

Task 1 links to assessment criteria 1.1.

Produce a booklet titled ‘Young Children’s play and learning in the home’.

You need to show play opportunities for the age ranges displayed in the table below:

<table>
<thead>
<tr>
<th>Play opportunities for the young child in the home</th>
</tr>
</thead>
<tbody>
<tr>
<td>Age range</td>
</tr>
<tr>
<td>Birth to 6 months</td>
</tr>
<tr>
<td></td>
</tr>
<tr>
<td>6 months to 1 year</td>
</tr>
<tr>
<td></td>
</tr>
<tr>
<td>1 year to 2 years</td>
</tr>
<tr>
<td></td>
</tr>
</tbody>
</table>

You may use drawings or pictures that you find to illustrate your ideas.
Task 2 links to assessment criteria 2.1 and 2.2.

In your booklet give the following information in a section called 'The role of the adult':

- list the ways an adult can support a young child when playing in the home
- state the responsibilities of the adult during a young child’s play in the home.
CFC 6: Responsibilities of new parent(s)

Your learning

You will learn how a baby grows and develops in the mother’s uterus, from the time she conceives to the time the baby is born, which is usually 40 weeks.

A mother-to-be should take special care of herself during her pregnancy so that the baby can develop normally. You will learn about how she should care for herself during this time.

There are several factors that can harm a baby while it is growing and developing inside the mother. You will learn about those factors and what harm can occur.

Giving birth and having a new baby can be a stressful time for the new parent(s) and some do not have relatives nearby to support them. You will learn what support a new parent may need during the first 12 weeks of the baby’s life and what support is available in your community.

To achieve this unit you must provide evidence to show that you have met all assessment criteria.
CFC 6: Responsibilities of new parent(s)

Unit reference F/601/3456
Level Entry Level 3
Credit value 3 GL 30

Unit aim The aim of this unit is to help the learner understand some of the responsibilities of parenting. It will also highlight the care and support that is needed and available during pregnancy and the first weeks of a baby’s life.

<table>
<thead>
<tr>

For e-portfolio a signature is not required, providing the learner has a personalised and secure login.
Assessment task – CFC 6 Responsibilities of new parent(s)

This assessment has been designed to meet all assessment criteria for learning outcomes 1, 2 and 3.

Introduction

Caring for a baby is a big responsibility. A local organisation supports parents who are expecting a baby. They have asked students from your course to help them to produce an information booklet that can be given to new parents.

Task 1 links to assessment criteria 1.1.

Section 1 of your booklet must show:

- how the baby develops from conception to birth.

You can use drawings or pictures and writing to show each stage.

Task 2 links to assessment criteria 2.1 and 2.2.

Section 2 of your booklet must include:

- ways that the mum-to-be should care for herself before the baby is born
- a list of factors which could harm the unborn baby.

Task 3 links to assessment criteria 3.1 and 3.2.

Section 3 of your booklet must include:

- a list of the support that new parent(s) will need during the first 12 weeks of the baby’s life
- identify where support for each of the following can be obtained:
  - the new baby
  - the new mum
  - the new parent(s).
CFC 7: Eating healthily

Your learning

You will study and learn about the various nutrients that are found in the food we eat. You will learn what sort of foods make up the different food groups, and how many from each group we should eat during the day in order to have a balanced diet.

A balanced healthy diet is part of living a healthy lifestyle and there are aspects of this unit that will help your learning for the unit Healthy lifestyle.

To achieve this unit you must provide evidence to show that you have met all assessment criteria.
CFC 7: Eating healthily

Unit reference T/601/0120  
Level Entry Level 3  
Credit value 3  

The aim of this unit is to enable the learner to gain knowledge of the main food groups and an understanding of how they make up a balanced diet.

Assessment task – CFC 7 Eating healthily

This assessment has been designed to meet all assessment criteria for learning outcomes 1 and 2.

**Task 1** links to assessment criteria 1.1 and 1.2.

You have been asked to give information for a student magazine about eating healthily. The information can be presented using words, pictures and or diagrams but must include:

- a list of the main food groups
- and why it is important to eat food from each of the main food groups.

**Task 2** links to assessment criteria 2.1.

Complete a menu card to show a balanced diet for the following meals:

- morning – breakfast
- mid-day – main meal
- evening – tea.

Menu card
Morning - breakfast  Menu card
Midday - main meal  Menu card
Evening - tea
CFC 8: Contraception information

Your learning

You will learn about the various methods of contraception that people use today, how they work and the strengths and weaknesses of each method. This information will form part of your assessment for the unit.

You should research where in your community you can go for advice and support about sexual issues and queries which include questions about contraception. Health clinics and surgeries are staffed by various health care professionals and you will learn about what they do and who can give the most appropriate advice about contraception.

To achieve this unit you must provide evidence to show that you have met all assessment criteria.
CFC 8: Contraception information

Unit reference: R/601/3459  
Level: Entry Level 3  
Credit value: 1  

Unit aim: The aim of this unit is to look at the different methods of contraception and their strengths and weaknesses and possible risks. It will also provide information on where to go for contraception advice and support.

<table>

Assessment task – CFC 8 Contraception information

This assessment has been designed to meet all assessment criteria for learning outcomes 1 and 2.

Introduction

The task below will enable you to show your understanding of the strengths and weakness of various methods of contraception and where you may be able to obtain professional advice about this important topic.

Task 1 links to assessment criteria 1.1, 1.2, 2.1, and 2.2.

Complete the chart below which gives young people information about contraception. It should include the following points:

- a list of methods of contraception
- state the strengths and weaknesses of each method of contraception on your list
- where young people can go for advice about contraception
- examples of professionals who are able to talk to young people about contraception.

<table>
<thead>
<tr>
<th>Method of contraception</th>
<th>Strengths of method</th>
<th>Weaknesses of method</th>
</tr>

For e-portfolio a signature is not required, providing the learner has a personalised and secure login.
Assessment task – IRRE 3 Individual right and responsibilities

This assessment has been designed to meet all assessment criteria for learning outcome 1.

Introduction

Everyone has rights and responsibilities. This unit focuses on your own rights and responsibilities. You need to think about those rights which are relevant in your own life.

Task links to assessment criteria 1.1, 1.2, 1.3 and 1.4.

Produce an information card showing information about the following points:

- a description of a right which relates to your own life
- sources where you can find out about rights and responsibilities
- a description of a responsibility that you have for yourself
- a description of a responsibility that you have to others.
CFC 9: Respecting and valuing children

Your learning

It has been recognised by governments that children have rights, since the 1989 UN Convention on the Rights of the Child and legislated for in the Children Act 1989, and since updated to the Children Act 2004.

This unit is about respecting and valuing children and recognising that they have rights.

You will learn about the different organisations that exist to promote the rights of children and will be asked to list some of them as part of your assessment.

You will study and learn about why it is important to value and respect children and different ways in which adults can demonstrate to children that they value and respect them.

In this unit you will learn how to communicate with children in a way that ensures they feel valued.

To achieve this unit you must provide evidence to show that you have met all assessment criteria.
CFC 9: Respecting and valuing children

Unit reference: M/601/0116
Level: 1
Credit value: 2
GL: 18

Unit aim: The aim of this unit is to gain an understanding of respecting and valuing children and some knowledge of the organisations that support children’s rights.

Learning outcomes
The learner will:

1. Know how to respect and value children as individuals.
   1.1. Give ways to value children as individuals.
   1.2. State reasons why children need to be respected as individuals.

2. Understand ways to respect and value children.
   2.1. Identify ways to communicate with children to ensure that they feel valued.
   2.2. Outline behaviour that shows respect and value of children.

3. Know that children have rights.
   3.1. List organisations that promote the rights of children.

Assessment criteria
The learner can:

Evidence record
e.g. page number & method
Assessor judgement achieved
Initial and date
**Learner declaration of authenticity:**
I declare that the work presented for this unit is entirely my own work.

For e-portfolio a signature is not required, providing the learner has a personalised and secure login.
Assessment task – CFC 9 Respecting and valuing children

This must meet all assessment criteria for learning outcomes 1, 2 and 3.

Introduction

You are intending to apply to a local authority for a holiday job in a children’s play scheme. You have discussed this with your teacher and they have advised you that you will probably be asked a question about the importance of respecting and valuing children as individuals.

Task

Prepare the following information before your interview:

- ways to value children as individuals
- reasons why children should be respected as individuals
- ways that you would communicate with children to make them feel that they are valued
- a brief description how you would behave which will show respect and that you value children
- organisations which work to promote the rights of children.
CFC 10: Children's play and leisure activities in the community

Your learning

The government is concerned that children are not encouraged to play/take part in leisure activities for long enough each day. In 2004 the Chief Medical Officer in England recommended that: ’Children and young people should achieve a total of at least 60 minutes of at least moderate intensity physical activity each day. At least twice a week this should include activities to improve bone health, muscle strength, and flexibility.’

This unit is all about play and leisure activities and how important they are for children’s development. You will explore different types of play and leisure activities that are available in your community including those that are aimed at children between the ages of four and sixteen years of age.

You will identify at least four organisations that provide those play/leisure opportunities. Part of your learning will be studying how the various play and leisure activities that you have identified support the different areas of children’s development.

You will learn about different ways in which adults can encourage children to play/take part in leisure activities and how they can support all children including those with particular needs or disabilities in play.

To achieve this unit you must provide evidence to show that you have met all assessment criteria.
CFC 10: Children's play and leisure activities in the community

Unit reference  T/601/0117
Level 1
Credit value 3  GL 27

Unit aim The aim of this unit is to develop learners' knowledge of the play and leisure facilities which exist in the local community and the benefits for children's development. Learners will find out about the role of adults to support children in play and leisure opportunities.

Assessment task – CFC 10 Children’s play and leisure activities in the community

This assessment has been designed to meet all assessment criteria for learning outcomes 1, 2 and 3.

Introduction

Your Local Council has invited learners to enter a competition to provide information about the play and leisure activities which are available for children in your community.

Produce a folder which contains the following:

*Think about how you set out the information. Make sure that the information is clear for parents and children.*

Task 1

Produce an A4 poster about the local play and leisure facilities for children, which could be displayed in schools, children’s centres and libraries. You must include:

- a list of four local organisations which provide play and leisure activities
- write a minimum of four examples of the play and leisure activities, include indoor and outdoor activities.

Task 2

Produce a chart on A4 paper, like the one below, which could be given out to parents. The chart will give parents information on the benefits for children of taking part in the play and leisure activities.

You must state ways that each of the following areas of development is supported and promoted when children take part in the play and leisure activities.
<table>
<thead>
<tr>
<th>Area of development</th>
<th>Ways that children's development is supported and promoted</th>
</tr>
</thead>
<tbody>
<tr>
<td>Physical</td>
<td></td>
</tr>
<tr>
<td>Social and emotional</td>
<td></td>
</tr>
<tr>
<td>Language and communication</td>
<td></td>
</tr>
</tbody>
</table>

**Task 3**

Produce information for the Council which gives information on the role of adults in supporting play and leisure activities. You must include:

- a brief description of ways that adults will support the children taking part in the play and leisure activities
- a minimum of two factors which may prevent children from taking part in the play and leisure activities
- a brief description of how adults can include children, who have particular needs or a disability, in play and leisure activities.
CFC 11: Healthy lifestyle

Your learning

You will learn that good health is more than just not being ill, and that the way you choose to live your life will have an impact on your health. This unit is all about providing you with information relating to the different choices that people make today in respect of how they choose to live their lives.

You will learn about the good and bad effects that following a particular type of lifestyle can have on health. You will learn how to improve the state of a person’s health by making sometimes quite minor changes to a daily or weekly routine.

To achieve this unit you must provide evidence to show that you have met all assessment criteria.
CFC 11: Healthy lifestyle

Unit reference: A/601/3455

Level: Entry Level 2

Credit value: 2

Unit aim: This unit introduces the concept of lifestyle and its possible effects on health. Learners will reflect on their own or another's lifestyle, then consider the lifestyle choices available and plan for improvements to health.

<table>
<thead>

<tr>
<td>1. Know the effects of lifestyle on health.</td>
<td>1.1. Give examples of lifestyle choices.</td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td>1.2. State ways that lifestyle can affect health.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>2. Be able to contribute to healthy lifestyle choices.</td>
<td>2.1. State what an individual can do to contribute to a healthy lifestyle.</td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td>2.2. List activities which will make an improvement to an individual's lifestyle.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
Learner declaration of authenticity:
I declare that the work presented for this unit is entirely my own work.

Learner signature: Date:

Assessor sign off of completed unit: CFC 11
I confirm that the learner has met the requirements for all assessment criteria demonstrating knowledge and skills for this unit.

Assessor name:
Signature: Date:

For e-portfolio a signature is not required, providing the learner has a personalised and secure login.

Guidance for developing assessment arrangements for the unit:

| Sector guidance | 1.1. A minimum of 2 lifestyle choices e.g. diet, drug use, sexual activity etc.
|                 | 1.2. A minimum of 3 ways to include positive and / or negative effects.
|                 | 2.1. A minimum of 3 aspects of an individual's lifestyle.
|                 | 2.2. A minimum of 3 activities. |
Assessment task – CFC 11 Healthy lifestyle

This assessment has been designed to meet all assessment criteria for learning outcomes 1 and 2.

This unit gives you the opportunity to review lifestyle and gain an understanding of how you can consider changes which may need to be made to ensure a healthy lifestyle.

Your poster links to assessment criteria 1.1, 1.2, 2.1 and 2.2.

Produce an A4 poster which gives the following information:

- examples of lifestyle choices (a minimum of 2 examples)
- show how lifestyle can affect health (a minimum of 1 good affect and 1 bad affect)
- give at least 3 examples what an individual can do to contribute to a healthy lifestyle
- list 3 activities which will make an improvement to the individual's lifestyle.

You may choose to set your poster out under the following headings.

<table>
<thead>
<tr>
<th>Life style choices</th>
<th>How lifestyle affects health</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.</td>
<td>1 good affect</td>
</tr>
<tr>
<td>2.</td>
<td>1 bad affect</td>
</tr>
<tr>
<td>What can I do to contribute to a healthy lifestyle?</td>
<td>What will make improvements to my lifestyle?</td>
</tr>
<tr>
<td>1.</td>
<td>1.</td>
</tr>
<tr>
<td>2.</td>
<td>2.</td>
</tr>
<tr>
<td>3</td>
<td>3.</td>
</tr>
</tbody>
</table>
CFC 12: Peer mentoring

Your learning

You will learn about the role of a peer mentor in your own educational setting. You will explore the qualities that a mentor needs in order to befriend or mentor their peers. You will be able to help plan and then contribute to a peer mentoring session.

Following that session you must think about it and be able to state what you think went well during the session and what the session achieved.

Following completion of this unit you might wish to find out more about mentoring and possibly becoming a mentor yourself. Your tutor should be able to assist you with this.

To achieve this unit you must provide evidence to show that you have met all assessment criteria.
CFC 12: Peer mentoring

**Unit reference**  K/601/3452  
**Level**  Entry Level 2  
**Credit value**  1  
**Unit aim**  This unit is an introduction to the role and skills required by a peer mentor. It provides a stepping stone for those who wish to find out more about mentoring or befriending.

<table>
<thead>
<tr>

</table>

1. Be able to contribute to a peer mentoring session.

1.1. Help to plan a peer mentoring session.

1.2. List the expected outcomes of the prepared peer mentoring plan.

1.3. Contribute to the mentoring session following the prepared mentoring plan.

1.4. Review the outcome of the peer mentoring session by stating what was achieved and what went well.

Signature:  Date:

For e-portfolio a signature is not required, providing the learner has a personalised and secure login.
Assessment task – CFC 12 Peer mentoring

This assessment has been designed to meet all assessment criteria for learning outcome 1.

Introduction

It is important to learn how to work together and share ways that you can support the people that you are with in your education setting. Task will give you the opportunity to be part of the planning and allow you to contribute to a peer mentoring session.

Task links to assessment criteria 1.1, 1.2, 1.3 and 1.4.

With your tutor and your peer, prepare a mentoring plan. Carefully agree together the expected outcomes of the plan.

In the chart below add the following details:

- write down briefly how you contributed to the plan
- write a list of the expected outcomes of the plan for your peer
- follow the prepared mentoring plan and write down how you contributed
- review with your tutor and peer and record what was achieved
- review with your tutor and peer and record what went well.

Section 4: Assessment and quality assurance information
Assessment guidance

A recommended range of assessment methods has been identified for the units in this qualification. This gives the opportunity for different learning styles and individual needs of learners to be taken into account.

If you are proposing to use an assessment method that is not included within the recommended list you should contact your Exernal Quality Advisor with full details of your proposed method. It will need formal approval from us before it can be used.

Assessment strategies and principles relevant to these qualifications

The units we offer have been developed in line with the specific assessment strategies or principles of different Sector Skills Councils (SSCs) or by us where there is no SSC lead.

The key requirements of the assessment strategies or principles that relate to units in this qualification are summarised below. More detailed strategies or principles can be found in the “Delivering our Qualifications – Assessment and Internal Quality Assurance Guidance”.

The Centre needs to ensure that individuals undertaking assessor or quality assurer roles within your Centre conform to the SSC assessment requirements for the unit they are assessing or quality assuring.

Assessment Strategy

Knowledge learning outcomes
- Assessors will need to be both occupationally knowledgeable and qualified to make assessment decisions
- Internal Quality Assurers need to be both occupationally knowledgeable and qualified to make quality assurance decisions

Competence / Skills learning outcomes
- Assessors will need to be both occupationally competent and qualified to make assessment decisions
- Internal Quality Assurers will need to be both occupationally knowledgeable and qualified to make quality assurance decisions
Staffing requirements

Centres delivering any of NCFE’s qualifications must:

- have a sufficient number of appropriately qualified/experienced Assessors to assess the volume of learners they intend to register
- have a sufficient number of appropriately qualified/experienced Internal Quality Assurers to internally quality assure the anticipated number of Assessors and learners
- ensure that all staff involved in assessment and internal quality assurance are provided with appropriate training and undertake meaningful and relevant continuing professional development
- implement effective internal quality assurance systems and processes to ensure all assessment decisions are reliable, valid, authentic, sufficient and current. This should include standardisation to ensure consistency of assessment
- provide all staff involved in the assessment process with sufficient time and resources to carry out their roles effectively.

Assessors and Internal Quality Assurance

Staff involved in the Assessment and Internal Quality Assurance of these qualifications must be able to demonstrate that they have (or are working towards) the relevant occupational knowledge and/or occupational competence, at the same level or higher as the units being assessed and internal quality assured. This may be gained through experience and/or qualifications.
Section 5: Documents
Useful documents

This section refers to useful documents that can be found on the secure website some of which may assist with the delivery of these qualifications.

- Delivering our Qualifications – Assessment and Internal Quality Assurance Guidance

Safeguarding guidance

- To support early years settings, the UKCIS Education Working Group has developed two documents to help early years settings managers and staff consider their practice and to take steps to safeguard both children and adults online. To access the documents, please visit: https://www.gov.uk/government/publications/safeguarding-children-and-protecting-professionals-in-early-years-settings-online-safety-considerations

Mandatory documents

The completion of an ‘Evidence Record’ and ‘Record of Assessment Cycle’ form is mandatory. We have devised these templates for your convenience; however, you may design your own forms which comply with the content of the templates.

- Evidence Record
- Record of Assessment Cycle

We have also provided notes to guide you when completing these forms:

- Completing the Evidence Record
- Completing the Record of Assessment Cycle

These documents can be found in Delivering our Qualifications – Assessment and Internal Quality Assurance Guidance on the secure website.
